FLASH

ITEM# C-76

Cling-N-Clean Plus

Disinfectant Bowl & Porcelain Cleaner

FEATURES: Our new low acid, high detergent, disinfectant bowl and porcelain cleaner.

Thick, clinging formula provides excellent sheeting action while acid and quaternary ammonium compounds disinfect surfaces. Removes rust and mineral stains as well as hard water deposits. Non-poisonous, mild formula. Blue in color. Delightful cherry scent. Also available with a green-to-blue color change indicator. EPA registered.

USES: Cleans, disinfects and deodorizes toilets, urinals and porcelain bathroom surfaces.

COMPOSITION: Contains 9.6% hydrochloric acid with quaternary ammonium compounds for extra cleaning and disinfecting. Also contains detergents, wetting agents, and corrosion inhibitors. Packed in quarts, with larger sizes available upon request.

ITEM# C-54

Clout

Bowl Cleaner & Disinfectant

FEATURES: The bowl cleaner that offers safety, ease of use and cleaning effectiveness in one product. A special blend of ingredients attacks hard water build-up, rust and stains. Non-poisonous, will not burn through carpeting, EPA registered. Sky blue in color. Appealing sassafras scent.

USES: Recommended for cleaning, disinfecting and deodorizing toilets, urinals, bathroom fixtures, porcelain enamel, even stainless steel items such as coffee urns.

COMPOSITION: Contains 9.6% hydrochloric acid plus quaternary ammonium compounds for superior disinfecting. Also contains detergents and corrosion inhibitors. Packed in quarts and gallons.

ITEM# C-70

Safety

Non-Acid Bowl Cleaner

FEATURES: A different kind of non-acid. A detergent packed formula designed to meet today's environmentally and safety conscious market. Thicker than other non-acids, it leaves bowls and fixtures looking and smelling clean. Totally safe, and non-toxic. Deep blue in color. Great floral scent.

USES: Cleans and deodorizes toilets, urinals, and all bathroom surfaces. Completely safe for porcelain, metals and fiberglass.

COMPOSITION: Non-acid formula contains special detergents and wetting agents. Packed in quarts.

ITEM# C-57

Contact Smooth-On

Cleaner & Soil Solvent

FEATURES: A very special, premium bowl and bathroom cleaner. Heavy and viscous, it clings to sides of bowl for maximum penetration and cleaning. Unique formulation, highly active, helps remove stains and discolorations as it deodorizes. Green in color, fresh wintergreen scent.

USES: Cleans, deodorizes toilets and urinals. Also suitable for sinks and tubs.

COMPOSITION: Contains 35.16% total chemical ingredients, including phosphoric, hydrochloric, and oxalic acids, plus detergents, isopropyl alcohol and corrosion inhibitors. Packed in quarts. Larger sizes available upon request.

ITEM# C-77

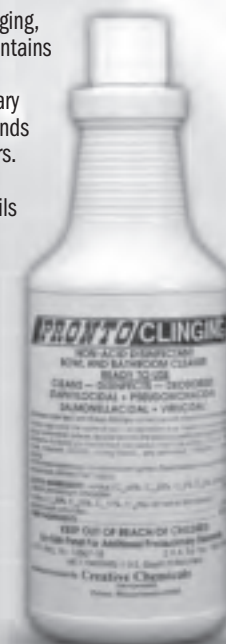

Pronto Clinging

Non-Acid Disinfectant Bowl Cleaner

FEATURES: New, improved formula -- now effective against over 30 pathogens, including MRSA, Hepatitis B and C, Herpes Simplex Types 1 and 2, HIV-1 (AIDS) and many more. The non-acid bowl cleaner and disinfectant with a real difference! A truly thick, rich formula that is power-packed with detergents and clings to vertical surfaces. **Mildewstatic, Fungicidal, Virucidal.** Terrific all purpose bathroom cleaner with long lasting, floral fragrance. Blue in color. EPA registered.

USES: Cleans and deodorizes and disinfects toilets, urinals and all other bathroom fixtures. Safe for metals, plastic, fiberglass. Inhibits growth of mold and mildew on walls, floors, ceilings. Can be used safely on any hard non-porous surface.

Drain Openers & Maintainers

ITEM# C-502

Clear Out

Non-Acid Liquid Opener & Conditioner

FEATURES: Economical, effective non-acid drain opener and conditioner. Non-fuming, no splashback. Dissolves drain clogging matter such as paper, soap, grease, etc. Available with a fresh lemon scent.

USES: Clears clogged drain pipes and drain openings. Suitable for septic systems. Excellent for preventive maintenance.

COMPOSITION: Contains 25% Sodium Hydroxide. Packed in quarts and gallons.

ITEM# C-501

Gush

Drain Opener & Maintainer

FEATURES: Amazing liquid drain opener. Sulfuric acid based product creates heat when it comes in contact with water: heat plus powerful chemical action disintegrates grease, hair, cloth, sludge, fat, soaps, paper, etc. Inhibited to prevent attack on pipes. Water white or red in color. Individual bagging of each bottle available at a nominal cost.

USES: Cleans clogged drain pipes and drain openings. Also fine as a drain maintainer, keeping lines free-flowing.

COMPOSITION: Contains 93% virgin sulfuric acid. Packed in quarts. Half gallons and gallons also available.

ITEM# C-503

One Shot

Drain Opener with Odor Blanket

FEATURES: Speedy bi-phase drain opener with special odor control blanket. Sulfuric acid based liquid blasts away clogs, while solvent layer stays on top, keeping odors down.

USES: Clears clogged drain pipes and drain openings. Pint size ideal for drain maintenance.

COMPOSITION: Contains 93% virgin sulfuric acid, with special solvent "odor control blanket" layer on top. Packed in pints for safer, one shot usage.

ITEM# C-703

Plumbers Action

Liquid Drain Opener

FEATURES: From our Action Chemicals line comes a new non-acid drain opener and conditioner. It's "Household Strength" which means it's our safest caustic drain opener yet it still helps clear drains and traps fast. It's heavier than water so it dissolves hair, grease, soaps, etc. A very good value. Terrific for bids. Amber in color.

USES: Clears clogged drain pipes and drain openings, suitable for septic systems. Excellent for preventive drain maintenance.

COMPOSITION: Contains 9% Sodium Hydroxide as well as a small amount of Potassium Hydroxide. Packed in quarts, half gallons and gallons upon request.

ITEM# C-500

Ram

Drain Opener & Conditioner

FEATURES: Non-acid drain opener and conditioner. Caustic solvent opens clogged drain pipes with no fumes or boilback. Dissolves hair, grease, paper, sludge, etc., yet safe for metal pipes, fixtures and septic tanks. Amber in color.

USES: Clears clogged drain pipes and drain openings. Suitable for septic systems. Excellent for preventive drain maintenance.

COMPOSITION: Contains 25% potassium hydroxide. Packed in quarts and gallons.

ITEM# C-5002X

Ram Extra

Scented Non-Acid Opener & Maintainer

FEATURES: Our new extra-strength drain opener blasts away the toughest clogs. Quickly dissolves grease, paper, rags, hair, soap, etc. Uniquely powerful 40% active formula works where many others fail. Fresh lemon scent helps to cover up any odors that may result from product dissolving clogging matter. One of our most popular new products.

USES: Clears clogged drain pipes and drain openings. Suitable for septic systems. Excellent for preventive drain maintenance.

COMPOSITION: Contains 40% Sodium Hydroxide with added surfactants and a fresh lemon scent. Packed in quarts.

ITEM# C-508

X-Ray Spex

X-Ray/Photo Equipment Drain Opener

FEATURES: A unique new product that helps to clean out and clear slow flowing and plugged drains. Designed for use in hospitals, clinics, office buildings, veterinary offices, anywhere x-ray or photo equipment is used. Works without use of extremely harsh acids or caustics. Ideal for use in a preventative maintenance program. Safe on PVC pipes and all other types of plumbing.

USES: For cleaning and maintenance of drains in photographic labs, hospital, veterinary, medical and dental x-ray rooms.

COMPOSITION: Sodium bisulfate based product blended with two excellent detergents. Packed in quarts and 5 gallon pails. Other sizes may be available upon request.

Glass Cleaners

ITEM# C-194

Clearly Better
Next Generation Glass & Surface Cleaner

FEATURES: Welcome to the next generation of glass and hard surface cleaners. Contains no "butyl" or harsh chemical detergents. Ammonia-free, ultra-low VOC blend is perfect for all kinds of glass, as well as computer monitors, computer and office equipment, even tinted windows. No-streak formula. Quickly removes all types of dirt, oils, and film from glass and hard surfaces. Fresh-n-clean citrus fragrance makes using this a true pleasure. Try it and you'll see the results are **Clearly Better**.

USES: Cleans and shines all glass surfaces, office equipment, computer monitors/CRT's, TV screens, tinted windows, chrome, and all hard surfaces not harmed by water.

COMPOSITION: A blend of alcohols, detergents and environmentally friendlier water based solvents. Packed in quarts. Other sizes may be available upon request.

ITEM# C-1010

GC-1010

Concentrated Glass Cleaner

FEATURES: An excellent concentrated glass cleaner that cleans and shines any and all glass surfaces. Dries quickly, streakless. Removes film, grime, fingerprints, etc. Dilute 1 part concentrate to 10-19 parts water for an effective, economical and efficient product. Blue in color. Available with or without ammonia.

USES: Cleans and shines all glass surfaces; windows, mirrors, showcases, etc. Also fine for tile, metal, enamel surfaces.

COMPOSITION: Contains a special blend of cleaning agents plus isopropyl alcohol.. Available with or without ammonia. Packed in gallons, 5 gallon pails, 30 and 55 gallon drums.

ITEM# C-294

Pronto Glass Cleaner

FEATURES: An excellent ready to use glass cleaner. Cleans and brightens any and all glass surfaces. Leaves no film. Non-streaking. Easy and pleasant to use. A little goes a long way-just a spritz does the job. Dries quickly.

USES: Cleans and shines all glass surfaces, such as windows, mirrors, showcases, etc. Also fine for walls, woodwork, plastic, metals; even leather and other surfaces.

COMPOSITION: Contains a blend of cleaning agents and isopropyl alcohol. Packed in quarts, gallons and in bulk.

Hand Soaps

ITEM# C-520

Clean 'N Pure

Antibacterial Liquid Hand Soap

FEATURES: Just like our Velvet Touch, but we've added antibacterial agents to help stop the spread of dangerous germs. Creamy lotion soap is biodegradable and gentle to skin. Available in green, white or pink colors (minimum quantities may apply.) Pleasing cherry-almond or lemon scents available.

USES: A fine top quality hand cleaner for rest rooms in all types of institutions. Compatible with most dispensers.

COMPOSITION: 20% active detergents with opacifier, dye and perfume in water base. Packed in gallons, 5 gallon pails, 30 and 55 gallon drums.

ITEM# C-522P

Pearlotion

Pearlized Hand Soap

FEATURES: Similar product to Velvet Touch, but pearl white in color. Pleasant cherry-almond scent.

USES: A fine top quality hand cleaner for rest rooms in all types of institutions. Compatible with most dispensers.

COMPOSITION: 20% active detergents with opacifier, dye and perfume in water base. Packed in gallons, 5 gallon pails, 30 and 55 gallon drums.

ITEM# C-522

Velvet Touch

Pink Lotion Hand Cleaner

FEATURES: A pure 20% viscous soap with mild cold creme emollients. Works into a creamy, rich lather. Removes tough dirt. Biodegradable, phosphate free. Pink in color. Pleasant floral potpourri scent.

USES: A fine top quality hand cleaner for rest rooms in all types of institutions. Compatible with most dispensers.

COMPOSITION: 20% active detergents with opacifier, dye and perfume in water base. Packed in gallons, 5 gallon pails, 30 and 55 gallon drums.

Natural Citrus

Degreasers &

Deodorizers

ITEM# C-227

Citrus Fury

Concentrated Cleaner & Degreaser

FEATURES: Tough, versatile water-based cleaner that gets the job done. Safe and easy to use, contains no butyl or petroleum solvents of any kind. Effective on grease, grime, stains, oily film, etc. on a wide range of surfaces. Biodegradable, phosphate free. Rinses easily with water. Fresh, light citrus scent. An excellent choice for those who favor citrus products but are price sensitive. Orange in color.

USES: Cleans and degreases virtually all surfaces, from floors and walls to industrial equipment. Ideal for automotive, kitchen, and institutional cleaning of all kinds.

COMPOSITION: Contains 5% high quality d'Limonene in a water based formula packed with detergents, wetting agents, alkaline cleaners and builders. pH of 12.

ITEM# C-767

Heaven Scent

Air Quality Enhancer

FEATURES: Our marvelous new product takes deodorizing to a new level. This natural citrus odor eliminator with its incredible orange-creamsicle fragrance neutralizes malodors and actually converts stale, unpleasant air into invigorating, pleasing air. Highly concentrated oil-based formulation lasts longer than water-based products. Use as a contact or space spray wherever malodors are an issue. A few sprays do the trick! See why our customers who buy this product have such a fantastic re-order rate with it.

USES: Deodorize and refresh any room, from restrooms to garages and everywhere in between.

COMPOSITION: VOC-compliant formula contains a blend of environmentally preferable vehicles and fragrances. Packed in pints.

ITEM# C-208X

Mold Zapper

Instant Mold Mildew & Soap Scum Remover

FEATURES: This new, extra-strength formula instantly removes black mildew and green and yellow mold stains from all surfaces. Removes mold, mildew and soap scum from tile and grout, showers, tubs, locker rooms, bath mats and shower curtains, and mold-stained walls and ceilings. Outdoor uses include cemetery monuments, mausoleums and headstones; canopies and awnings, outdoor furniture, wood fencing, railroad ties, and more. Use MOLD-ZAPPER prior to applying one of our disinfectant cleaners to eliminate dangerous mold and help stop re-growth.

USES: Anywhere mold or mildew is a concern. Use indoors on bathtubs and showers, shower curtains, etc. Also great outdoors on cemetery headstones, statues, vinyl tops, awnings, canopies, etc. Use under eaves before painting, on plaster walls, or any wall or ceiling covered with dangerous mold.

COMPOSITION: Extra-powerful mixture of sodium hypochlorite and chlorine-stable detergents. Packed in quarts. Other sizes may be available upon request.

ITEM# C-209

Pronto Foaming Acid Cleaner

FEATURES: A truly unique product that foams away oil, soil and mineral deposits. Foam clings to vertical surfaces for penetration, while instant chemical action emulsifies to descale and remove dirt, soap scum, body oil, rust, etc. Cleans even the toughest stains. Easy to use. Economical, too. Green in color. Fresh mint scent.

USES: Excellent for tile, grout, fiberglass, and most metal surfaces. Safe for glazed porcelain surfaces and chrome. Ideal for vertical surfaces. Also excellent for boat scuppers.

COMPOSITION: New improved formulation contains a special blend of sulfamic and citric acids, detergents and penetrants. Packed in quarts. Larger sizes are available on request.

ITEM# C-202

Pronto Foaming Cleaner & Degreaser

FEATURES: Heavy duty cleaner-degreaser sprays into a thick foam... and when we say foam, we mean FOAM! Clings to vertical surfaces to penetrate and clean all washable surfaces. Removes grease, grime, film, etc. Easy to rinse. Green in color.

USES: Can be used safely on all washable surfaces. Especially good for vertical surfaces.

COMPOSITION: A water-based, concentrated blend of surfactants, wetting agents, alkaline builders, water-soluble solvent, sequestering agent. pH-13.0, 10% active ingredients. Packed in quarts.

ITEM# C-208

Pronto Mildew Stain Remover

FEATURES: The way to remove unsightly mildew stains instantly. Just spray on mildew stains and watch them disappear. They vanish quickly, easily. No scrubbing, no wiping. Safe for tile surfaces.

USES: Spray thoroughly on shower curtains, shower stalls, bathtubs, counter-tops, etc. Will remove stains from these surfaces.

COMPOSITION: A special blend of ingredients including sodium hypochlorite, lithium hypochlorite, and sodium carbonate. Packed in quarts.

ITEM# C-201

Pronto Super Cleaner & Degreaser

FEATURES: This ready to use product will clean virtually all surfaces. Dissolves grease, film, oil, soap and soap scum, inks, wax, all kinds of grime from washable surfaces. Leaves no film. Cleans glass, too. An excellent value. Green in color.

USES: Can be used safely on all kinds of washable surfaces. Cleans dirt and grime from plastics, metals, porcelain, tires, formica, etc.

COMPOSITION: A water-based blend of surfactants, wetting agents, alkaline builders and water-soluble solvents. Packed in quarts.

Specialty Products

ITEM# C-727

Floater

Floating Lift Station Cleaner & Degreaser

FEATURES: Special blend of solvents, including one made from natural citrus, helps to clean and deodorize sewer plant lift stations. Product floats on top, keeping offensive odors down while helping to reduce and remove sewage, grease, oils, fatty acids, and mineral deposits from lift station wet wells. Helps return station to optimum efficiency.

USES: Cleans, deodorizes and degreases lift stations.

COMPOSITION: 100% natural blend of citrus and other solvents. Packed in 5 gallon pails, 30 and 55 gallon drums. Other sizes may be available upon request.

ITEM# C-89

Lime Out

Lime, Rust, & Scale Remover

FEATURES: Dissolves lime, uric acid salts, mineral deposits and concrete. Clears boilers, hot water coils, water systems, heating/air conditioning equipment, etc. Contains special corrosion inhibitors. High-powered formula contains hydrochloric acid.

USES: Use in boilers, on hot water coils, HVAC equipment, etc.

COMPOSITION: Hydrochloric acid, corrosion inhibitors, detergents. Packed in quarts and gallons.

ITEM# C-170

Nature's Power

Enzyme Stain & Odor Remover

FEATURES: Naturally effective formula has more cleaning power than the leading national brands thanks to millions of natural enzymes. For great results on carpets, upholstery, clothing, etc. Removes stains and odors from urine, vomit, spoiled food, and more. Fantastic for pet owners. Each pint bottle comes with a pump sprayer. Lemon scented.

USES: Use to effectively remove stains on carpets, rugs, upholstery, even laundry!

COMPOSITION: Blend of millions of natural enzymes with water-based builders and detergents.

Sewer & Septic

Maintenance

Products

ITEM# C-708

Drainfield Cleaner

FEATURES: Avoid expensive digging up of clogged and sluggish drainfields. Cleans tile lines of clogging, grease, fats, sludges, slimes, etc. Opens soil pores. Rejuvenates seepage wear. Reduces odors, contains oxygen, helpful in bacteria production.

USES: Cleaner for drainfields and leachfields.

COMPOSITION: Packed 6 - 5 lb. containers per case or 25 lb. pails.

ITEM# C-702

Purge

Granular Instant Drain Opener

FEATURES: Emergency first aid for drains and traps. Works in minutes. Caustic formula dissolves most clogging matter.

USES: Unclogging or maintenance of any drain.

COMPOSITION: Packed 12 - 12 oz. containers per case or 12 - 39 oz. containers per case.

American

FLASH

ITEM# C-161

Foam Away

Tile, Porcelain & Fiberglass Cleaner

FEATURES: Fabulous non-acid ready to use product. Simply "melts" away soil when applied. Foams when sprayed so it clings to vertical surfaces, loosening dirt, grime and soap scum. Completely safe and harmless to chrome fixtures. You have to try it to believe it... truly a unique, remarkable product.

USES: For use in shower stalls, porcelain sinks and fixtures, any ceramic hard surface. Excellent for all fiberglass surfaces. A great boat cleaner, too!

COMPOSITION: Non-acid 11% solids. Butyl fortified. Packed in quarts **with one trigger sprayer per case.**

ITEM# C-510

Scour Bright

Cream Cleanser

FEATURES: A specially compounded cream cleanser packed with cleaning power. Unmatched for removing stains of all kinds while restoring sheen to surfaces. Great for tubs, basins, all porcelain enamel surfaces. A super metal polish, too. Tiny, mild abrasives do the work for you, yet will not scratch surfaces. Green or blue in color. Fresh mint scent.

USES: Cleans and shines all porcelain enamel surfaces. Also excellent for fiberglass, boats, white-wall tires, formica, and stainless steel. Shines copper and brass safely. Suitable for virtually all hard surfaces. Deodorizes, too.

COMPOSITION: Contains tiny mild abrasives in a thick cream base of detergents, wetting agents, penetrants and emulsifiers. Packed in quarts.

ITEM# C-60

Tag

Tile & Grout Cleaner

FEATURES: Viscous, phosphoric acid based tile, grout and porcelain cleaner. Extremely versatile. Great for grouting, porcelain fixtures, etc. Thick formula clings for easy cleaning. Gentle to skin. Pink in color. Fresh mint scent. This product is also available in a non-viscous formula at a more economical price. Ask us if you're interested in a value priced item.

USES: Cleans and deodorizes tile, grout, bathtubs, all porcelain fixtures. Also fiberglass and chrome fixtures. Also good for light duty work on toilets and urinals.

COMPOSITION: Contains 25% phosphoric acid in a thick detergent based formula. Packed in quarts and gallons.

ITEM# C-511

Gentle Scrub

Cream Cleanser

FEATURES: Our "extra gentle" cream cleanser. Contains no ammonia. Leaves hard surfaces of all kinds clean, shiny, smelling fresh. Excellent for bathrooms, kitchens, etc. Not gritty. Green in color. Fresh mint scent. Extra gentle price too!

USES: Cleans porcelain, tiles, all enamel surfaces. Use on fiberglass, metals, stainless steel sinks, vinyl, etc. Suitable for virtually all hard surfaces. Deodorizes, too.

COMPOSITION: Contains tiny mild abrasives in a thick cream base of detergents, wetting agents, emulsifiers. Packed in quarts.

ITEM# C-62

Phosclean

Washroom Cleaner & Descaler

FEATURES: All-around washroom cleaner. Cleans tubs, tile, sinks, even metal fixtures. Easy to use. Can be sprayed on also. Excellent for light to medium duty. Gentle to skin. Pink in color. Fresh mint scent. Also available in a phosphoric acid-free formulation.

USES: Cleans and deodorizes all bathroom fixtures. Safe on chrome and all washroom surfaces. Ideal for use as a descaler.

COMPOSITION: Contains phosphoric acid, detergents, and special cleaning ingredients. Packed in quarts.

ITEM# C-64

Safe-T-Tag

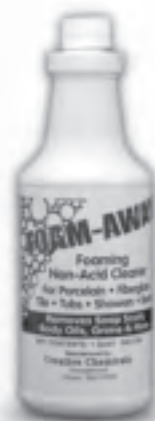

Tub, Tile & Grout Cleaner

FEATURES: An exclusive new formulation, specially developed for those who cannot, or prefer not, to use phosphoric acid based products. Like our original TAG, it's a viscous cleaner that clings to vertical surfaces. Does an outstanding job on porcelain, tile and grout. Pink in color, fresh mint scent.

USES: Cleans and deodorizes tile, grout, bathtubs, all porcelain fixtures. Also fiberglass and chrome fixtures. Also good for light duty work on toilets and urinals.

COMPOSITION: An exclusive blend of citric, oxalic, and sulfamic acids in a thick detergent based formula. Packed in quarts and gallons. Five gallon pails and drums available upon request.
